Required for all campers — new and returning.

The Campus Kids form does not have to be used.
Any written evidence of an exam conducted within 24 months is acceptable.

If you don't have a copy of your child's camp health examination paperwork for last summer and want to know if our records contain a "current" exam for your child, feel free to call 973-845-9260 or write to CKNewJersey@campuskids.com .

DUE MAY 1, 2008

Camper health and safety is our highest priority, which is why we require that complete medical forms be returned to the camp office well in advance of the start of camp. No camper can attend camp unless this requirement is met. No exceptions are made. These forms are kept in the Camp Health Center and used by the camp nurses, who share necessary information with the appropriate staff. These are also the forms that would accompany your child to the physician or hospital.

RETURN BY MAY 1, 2008 TO:

**CAMPUS KIDS-NJ
P.O. Box 8
Madison, NJ 07940**
