

IMPORTANT & REQUIRED!

INSTRUCTIONS FOR 2010 CAMPER MEDICATION AUTHORIZATION FORM

TO BE COMPLETED BY PARENTS

Required for EVERY medication being sent from home.

DUE MAY 1, 2010

(additional forms should be sent as new medications are added)

We have very strict guidelines for administering any kind of medication sent from home — whether a prescription or over-the-counter (OTC) medication, even vitamins. Our protocols must be followed in every case. This includes meticulous documentation and authorization for every type of medication.

For EACH medication you are sending from home, please complete a Medication Authorization Form. This form requires careful attention to detail and must be fully completed to be valid.

If additional medications are being sent to camp, a new form must be completed for each. If your child enrolls for a Weekend Adventure, we will send a special medication authorization form for that trip (also available at the forms library of our website).

Remember, that the camp Health Center has certain OTC meds that you can authorize for your camper on page 4 of the Health History form, so you may not to send certain medications.

RETURN TO:

**CAMPUS KIDS-NJ
P.O. Box 8
Madison, NJ 07940**

Questions? 973-845-9260
